

NORTH CENTRAL MISSISSIPPI PLANNING AND DEVELOPMENT DISTRICT

Grant money paid out over the past five years, and what has reached North Carrollton, Carrollton, and Carroll County, Mississippi

Prepared 8 September 2026. Five-year window used throughout: 8 September 2021 through 8 September 2026, unless noted.

Sources are web searches of NCPDD's own materials, IRS Form 990 data as compiled by nonprofit-data aggregators, Delta Regional Authority and Mississippi Development Authority award announcements, congressional press releases, local news coverage, and five Facebook screenshots supplied directly from the Town of North Carrollton, MS page, all reviewed 8 September 2026. Where a figure could not be verified in a public source, that line says so and is left blank rather than estimated.

A framing note before the numbers: NCPDD plays two different roles, and the two should not be added together as one pool of money. First, NCPDD is itself a small grant-maker, mostly funding its own aging, social-service, and small-business-loan programs from its IRS Form 990. Second, and far more often, NCPDD is the Local Development District that packages applications to other funders (CDBG through the Mississippi Development Authority, SEDAP through the Delta Regional Authority, USDA Rural Development) on behalf of towns and Carroll County. In that second role, the money is not NCPDD's to give. It is awarded by MDA, DRA, or USDA, with NCPDD doing the paperwork. Section 1 below covers the first role. Sections 2 through 4 cover money that reached each jurisdiction from any funder, noting NCPDD's role where a source confirms it.

SECTION 1. NORTH CENTRAL MISSISSIPPI PLANNING AND DEVELOPMENT DISTRICT (NCPDD)

Organizational snapshot

Field	Detail
Legal name / EIN	North Central Planning and Development District, Inc. EIN 64-0473694
Address	28 Industrial Park Boulevard, Winona, MS 38967. Phone 662-283-2675. info@ncpdd.org
Founded	1971
Service area	Attala, Carroll, Grenada, Holmes, Leflore, Montgomery, and Yalobusha counties. 4,194 square miles, more than 125,000 residents, per NCPDD's own 2022-2026 CEDS site.
Employees	78, per CauseIQ's compilation of NCPDD's most recent Form 990 (fiscal year ending 1 September 2024).
Leadership	Executive Director listed as Christopher (Chris) Weathers by the Delta Regional Authority's Local Development District page and by the North Carrollton working file already on hand. A separate commercial directory (Dun & Bradstreet) instead lists Steven Russell as Executive Director and Brittany Dallas as Grants Administrator. The two sources disagree and neither is dated clearly enough to say which is current. Worth a direct call to 662-283-2675 to confirm before publishing a name.
FY2024 finances (Form 990)	Total revenue \$6,787,166. Total expenses \$6,613,695. Total assets \$16,021,630. Total liabilities about \$2.26 million. Source: ProPublica Nonprofit Explorer and CauseIQ, both citing NCPDD's Form 990.
Program areas	Medicaid home- and community-based waiver case management; Social Services Block Grant (SSBG) services; WIA Career to Counseling (C2C) youth program (Attala, Grenada, Montgomery, Yalobusha); EDA Revolving Loan Fund; Minority Business Enterprise Loan Program; Mississippi Small Business Assistance Loan Program (MSBALP); Bridge to Independence; Area Agency on Aging, including home-delivered meals; and Delta Regional Authority program administration for the district.

Money NCPDD itself paid out as a grant-maker, past five years

This is NCPDD's own giving as reported on its Form 990 (Schedule I, "grants and other assistance to organizations"), as compiled by the nonprofit-data sites Instrumentl and CauseIQ. These aggregators show the total dollars given and how many grants were made each year, but only one individual recipient by name was surfaced in the sources reviewed. For the full list of who received each grant, the underlying Schedule I would need to be pulled directly from NCPDD's Form 990 filing, for example through ProPublica's Nonprofit Explorer at the link in the source list.

Fiscal year (ends Sept.)	Total given by NCPDD	Number of grants	In 5-year window?
2021	\$355,595	4	Yes
2022	\$310,728	4	Yes
2023	\$225,378	3	Yes
2024	\$109,598	3	Yes (most recent filing on record)
2025	Not yet posted by aggregators as of 8 Sept. 2026		Filing not yet available

Sum of the four fiscal years with published figures inside the window (FY2021 through FY2024): \$1,001,299.

Only one named recipient surfaced: North MS Rural Legal Services, \$13,462, fiscal year ending September 2024. Source: CauseIQ's Form 990 summary for NCPDD.

Federal money awarded directly to NCPDD (not to a town), for context

One award of this kind was found, and it falls just outside the five-year window: \$110,651 from USDA Rural Development's Rural Business Development Program, announced 2 February 2018 by then-Rep. Bennie Thompson. NCPDD used the money to make loans to small and emerging businesses across a ten-community service area that included the Town of Carrollton, Greenwood, Grenada, Kosciusko, Water Valley, Winona, Durant, Itta Bena, Vaiden, and Coffeeville. No comparable direct federal award to NCPDD itself was found dated within the past five years.

SECTION 2. MONEY THAT HAS REACHED NORTH CARROLLTON, MISSISSIPPI

Figures below combine what is already documented in the North Carrollton working file on hand and what this search independently verified. Every figure is attributed to its original announcement, not to the working file alone.

Award	Amount	Date / status	Funder and packager
DRA SEDAP: George Street and Morgan Street public infrastructure	\$162,378 (11 Dec list)	Announced 8 Dec. 2025, part of a 14-project, \$5.7 million-plus Mississippi round	Delta Regional Authority, coordinated with the Governor's Office and the state's Local Development Districts. NCPDD is North Carrollton's LDD; the DRA release does not name a packager for this specific project.
FEMA Public Assistance recovery: Cemetery St., Colvin St., Johnson Alley, Morgan St. near the JZG football field, Mill Drive	\$289,000	Approved 23 Dec. 2025	FEMA, following state and federal site visits. Not an NCPDD-packaged award in the sources reviewed.
Transportation Alternatives Program (TAP): Big Sand Creek restrooms, walks, benches, picnic tables, and deck	\$357,000	Reported 16 Feb. 2022	Federal TAP funds administered through the state; packager not specified in sources reviewed.
CDBG Public Facilities application: sewer, no match	\$600,000 requested	Submitted May 2024. Not on the Governor's 18 May 2026 CDBG award list of 41 communities; status otherwise unconfirmed	Requested through North Central PDD (NCPDD), per the working file, which also names NCPDD as "the local packager" for the Town's sewer applications.
CDBG sewer and water	\$449,000	Listed on the Town's own mayor page as awarded in the 2020-2021 period; exact date not specified in the source, so it sits on the edge of the five-year window	HUD Community Development Block Grant, via Mississippi Development Authority
FEMA sewer improvements	\$323,000	Same 2020-2021 period per the mayor page; same window caveat	FEMA, described by the Town as its largest sewer improvement in modern times, paired with the CDBG award above

Confirmed within the five-year window: at minimum \$808,378 (\$289,000 FEMA plus \$162,378 DRA SEDAP plus \$357,000 TAP). The \$449,000 CDBG and \$323,000 FEMA sewer awards add another \$772,000 if their exact dates fall on or after 8 September 2021, which the sources reviewed do not specify closely enough to confirm either way. The \$600,000 CDBG request was not found on the record as awarded. Separately, the Town itself contributed \$15,000 in its own cash toward the Cemetery Street and Jefferson Street overlay in August 2025; that is Town spending, not outside grant money, and is not counted in the totals above.

Direct confirmation from the Town's own Facebook page

Five screenshots of the Town of North Carrollton, MS Facebook page were supplied directly and are used here as primary sources, in place of the working file's secondhand citation of them.

Post date	Subject	What it confirms
15 June (year not shown in the screenshot, consistent with the 2026 paving season already in the working file)	George Street and Morgan Street overlay	Mayor Ken Strachan is quoted directly tying the paving project to grant funding, and the post states in the Town's own words that "the Town was awarded a Delta Regional Authority Grant for the pavement project." This is the Town's own confirmation that the \$176,071.40 Murphree Paving job was DRA-funded, matching the \$162,378 DRA SEDAP award reported by DRA itself on 8 December 2025. The post also places the 2021 sidewalk work under a Small Municipalities Grant and the JZG Way banners under 2024 tourism funding, both consistent with the working file.
8 August (year not shown, consistent with the 2026 lamp installation already in the working file)	Acorn decorative street lamps	Confirms Entergy-contracted crews installed the lamps, funded through tourism funds, per a direct quote from Mayor Strachan. No dollar figure is given in the post itself.
7 September 2026 (with an earlier post from four days prior on the same topic)	Mary Street sewer cleanout	Confirms the Water Department's own account of the pumping and cleanout, and the debris found (wipes, rags, laundry detergent, grease). No dollar figure is given in the post itself.

None of the three posts state a dollar amount beyond the \$176,071.40 paving bid already sourced to the Town's earlier Facebook post in the working file. Their value here is corroboration, in the Town's own words, that the George and Morgan Street work was DRA-funded, not a new figure.

SECTION 3. MONEY THAT HAS REACHED CARROLLTON, MISSISSIPPI

Carrollton is a separate incorporated town from North Carrollton, both in Carroll County. Carrollton is the county's original county seat (Vaiden is the second county seat); 2020 Census population 423. Its own town CDBG program page refers to a federal CDBG entitlement, but that page is for Carrollton, Texas, a much larger city, and was excluded here as a mismatch. No direct grant award to the Town of Carrollton, Mississippi, dated within the past five years, was found in the sources reviewed.

Item	Amount	Date / status	Notes
Facade Grant program	\$5,000 facilitated to local property owners	Undated on source page	Run by the nonprofit My Hometown Carrollton in partnership with the Town of Carrollton, per that group's own "Our Accomplishments" page. Not a direct award to the Town government, and the total facilitated to date, not per year, is unclear from the source.
Cotesworth Culture & Heritage Center renovations	Approximately \$100,000 in grants	Reported by Visit Carroll as of roughly Sept. 2025	Awarded to the Cotesworth site, a historic property in Carrollton, not confirmed as a direct award to Town government. Funder not specified in the source page found.
CDBG-R (Recovery Act) grant, City of Carrollton	\$212,536	Awarded 29 July 2009	Outside the five-year window; included only as historical context. Source: ProPublica's federal Recovery Act tracker.

Nothing in the sources reviewed shows NCPDD packaging a specific award for the Town of Carrollton within the past five years. That may reflect a real gap in recent grant activity for the town, or it may reflect the limits of a web search on a town whose name is shared with much larger cities in Texas and Georgia. Town Hall or the NCPDD grants office would be the more reliable next call.

SECTION 4. MONEY THAT HAS REACHED CARROLL COUNTY, MISSISSIPPI, AS A WHOLE

This section covers county government awards and county-wide or multi-town items not already counted in Sections 2 or 3. It does not double-count North Carrollton or Carrollton money listed above.

Award	Amount	Date / status	Funder, recipient, and packager
County road rehabilitation serving a construction materials supplier	\$501,037 (CR 430)	Announced 8 Dec. 2025, same 14-project Mississippi SEDAP round that funded North Carrollton	Delta Regional Authority SEDAP. Recipient: Carroll County (Board of Supervisors). Packager not named in the DRA release; NCPDD is the county's LDD.
Carroll County Recreation Park, Carrollton: pavilion with restrooms, playground equipment, basketball courts	\$126,391	Announced 1 Aug. 2025; completion expected by 28 July 2028	National Park Service, Land and Water Conservation Fund, administered through the Mississippi Department of Wildlife, Fisheries, and Parks. Recipient: Carroll County. Not packaged by NCPDD in the sources reviewed.
Greenwood-Leflore Airport (GWO) infrastructure improvements	\$4,593,322	Announced 21 Aug. 2025	FAA/DOT Airport Improvement Program. The airport sits geographically inside Carroll County, but it is owned and operated jointly by the City of Greenwood and Leflore County, not by Carroll County government. Listed here for completeness, but this is not money paid to Carroll County's own government.
Sewer improvements, Town of Vaiden (Carroll County's second county seat)	\$600,000	Announced 18 May 2026, part of a \$23 million, 41-community CDBG Public Facilities round	HUD CDBG, via Mississippi Development Authority. Recipient: Town of Vaiden. Whether NCPDD packaged this specific application was not confirmed in the sources reviewed.
BizExcel small-business program, third round	\$99,000	Announced on or about 11 Feb. 2025	USDA Rural Development Rural Business Development Grant. Recipient: Carroll County Chamber of Commerce, a business organization, not county government directly.

For historical reference only, outside the five-year window: on 26 and 27 October 2020, USDA Rural Development's Communities and Facilities Program awarded the Carroll County Board of Supervisors \$27,800 for a mini excavator for District 4 and \$50,000 for a Freightliner truck, both announced by then-Rep. Bennie Thompson. These predate the window by roughly a year and are not counted in any total above.

Not confirmed in this search

Carroll County's direct American Rescue Plan Act (ARPA) State and Local Fiscal Recovery Funds allocation, a formula amount every U.S. county received automatically starting in 2021, was not located in the sources reviewed. That figure would come directly from the U.S. Treasury's SLFRF recipient database or from the county's own recovery plan filing, not from NCPDD, DRA, or MDA announcements, so it is left out here rather than estimated.

- NORTH-CARROLLTON-CONDITIONS-INFRASTRUCTURE-SCHOOL-FUNDING.pdf, the North Carrollton working file already prepared by Rebecca Bruckner / BRIK Creative, LLC, dated 8 September 2026, used to cross-check North Carrollton figures against original sources.
- Town of North Carrollton, MS, Facebook page, post dated 15 June (year consistent with the 2026 paving season already in the working file), on the George Street and Morgan Street overlay and its DRA grant funding. Screenshot supplied directly by Rebecca Bruckner, 8 September 2026.
- Town of North Carrollton, MS, Facebook page, post dated 8 August (year consistent with the 2026 lamp installation already in the working file), on the acorn decorative street lamps. Screenshot supplied directly by Rebecca Bruckner, 8 September 2026.

- Town of North Carrollton, MS, Facebook page, posts dated 7 September 2026 and four days prior, on the Mary Street sewer cleanout. Screenshots supplied directly by Rebecca Bruckner, 8 September 2026.

The five Facebook screenshots supplied were all from the Town of North Carrollton, MS page and are cited in Section 2. NCPDD's own Facebook page ("North Central Planning and Development District," Winona) surfaced separately in web search with only its profile information, no dollar-figure posts; its own recent posts were not independently readable through the tools used here. If specific NCPDD Facebook posts should be captured and cited, the fastest path is pulling them directly from facebook.com and sending the screenshots or the post URLs over.
